

OPTIFOAM[®] THIN

NON BORDERED ADHERENT FOAM DRESSING

FLEXIBLE

CAN BE CUT ✂

Gentle, versatile protection.

Optifoam Thin

Self-Adherent Foam Wound Dressing

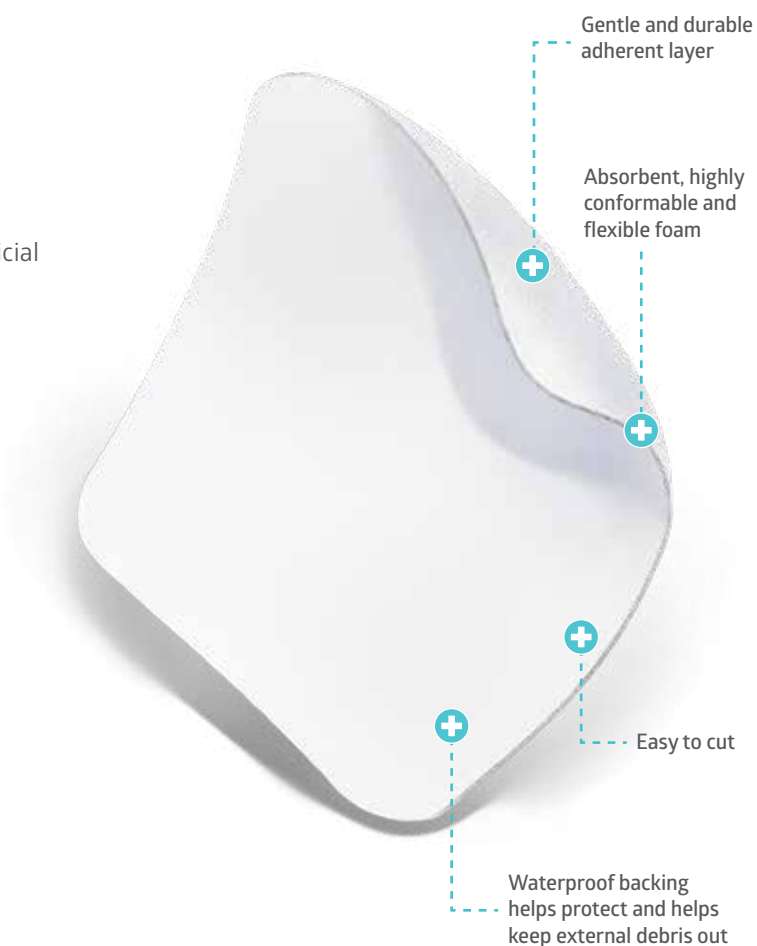

Benefits

- » The low-profile and conformable foam can be used to protect the skin against abrasion from medical devices such as tubing and braces
- » The ability to cut allows Optifoam Thin to be used on irregularly shaped wounds found on digits, extremities and hard-to-reach areas
- » The durability of the adherent layer can help provide anchoring to tubes and dressings

Indications for Use

- » Indicated for use on skin tears, abrasions, superficial injuries, lightly draining wounds and blisters
- » Provides up to 7 days of coverage and protection
