

JOBST® Garter Belts

Compression Stocking Holders

**Convenient methods
for better holding
the compression
garments**

Comfort, Health & Style!

JOBST® Garter Belts

Compression Stocking Holders

Features & Benefits

Standard

- Ideal for stockings which do not extend to the groin. Adjustable garters afford a convenient method of holding the supports

Adjustable

- This garter belt is practical, compact, and easy to wear. Supports for men should be measured within 5 cm of the groin for maximum comfort

Over-the-Shoulder (single/double)

- Designed for the patient who cannot tolerate pressure over the abdomen, but must wear JOBST® compression stockings

Standard

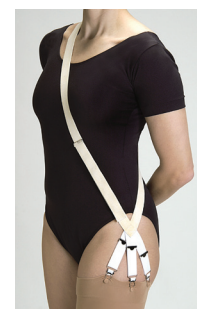

Adjustable
