

PROTEKT® TRANSFORMER

Hydraulic Patient Lift *Optional Electric Upgrade

Model: 33400H

Electric Upgrade Kit

Model: LP-33400HE-K

Hydraulic Patient Lift with Electric Upgrade

Model: 33400HE

The Protekt® Transformer is Proactive's answer to at home safe patient handling. It is easy to maneuver, transport, and maintain while providing safe and secure patient transfers. The hydraulic pump style provides a low-cost option for caregivers to easily care for patients. An optional upgrade kit "transforms" the hydraulic system to a full powered electric lift. Given the demand for patient lifts in a variety of situations, the Protekt® Transformer is a low cost yet highly effective solution for patients in a homecare setting.

- Durable powder coated steel tube construction.
- Small & quick disassembly for transport.
